DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/23/2008 has been entered.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 27-31 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 27 recites the limitation "a cannulation of the stabilization system" in line 4. There is insufficient antecedent basis for this limitation in the claim. Applicant refers to the stabilization, however, the stabilization system is not positively recited. It is cited only as a functional limitation in the preamble with regards to 'a device.'

Claim 27 recites the limitation "an auxiliary element of the spinal stabilization system" in line 8. There is insufficient antecedent basis for this limitation in the claim. As noted above, the spinal stabilization system is positively referred to, and the claim

Art Unit: 3775

implies that an auxiliary element is part of the stabilization system, which is not positively recited in the claims.

Claim 27 recites the limitation "the auxiliary element" in line 14. There is insufficient antecedent basis for this limitation in the claim.

Claim 27 recites the limitation "the cannulation" in 15. There is insufficient antecedent basis for this limitation in the claim.

Response to Arguments

Applicant's arguments, see amendment, filed 9/25/2008, with respect to claims 1-6, 8-12, 14-24, 26-31 have been fully considered and are persuasive. The rejection of Michelson '721 and Michelson '702 has been withdrawn.

Allowable Subject Matter

Claims 1-6, 8-12, 14-24, 26 are allowed.

Claims 27-31 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
